PIZZA

Our pizzas are made in a 600 degree oven so that the crust gets the correct amount of crispy texture. We make our dough from scratch using Italian Flour called 00 Flour. The 00 refers to the texture of the flour – 00 is the finest you can get. This fine grind along with a + 12% gluten level gives the dough just enough elasticity – a crust that is chewy but not too rubbery with just a right amount of puff around the edges.
